October 15, 2008

**To the Honorable Mayor, Village Board of Trustees,
and Citizens of the Village of Antioch, Illinois.**

Illinois State Law requires that all general-purpose local governments publish a complete set of financial statements within six months of the close of the fiscal year. These financial statements must conform to generally accepted accounting principles (GAAP), and audited in accordance with generally accepted accounting standards by certified public accountants licensed by the State of Illinois. It is with pleasure that the Comprehensive Financial Annual Report (CAFR) for the Village of Antioch, Illinois is presented for the year ended April 30, 2008.

The 2008 CAFR complies with the new financial reporting model developed by the Governmental Accounting Standards Board (GASB) and is intended to provide additional information not previously available in the Village's financial statements.

The comprehensive annual financial report consists of the Village of Antioch management staff's representations concerning the finances of the Village. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management has continued to focus on the internal controls that are designed to protect the Village's assets from loss, theft or misuse and to compile sufficiently reliable information for the preparation of the Village's financial statements in conformity with GAAP.

Management continues to revise processes, implement internal controls, and establish new financial policies that allow us to successfully address the prior years' accounting issues and meet the required deadline for the issuance of this fiscal year's report. Management asserts that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Fiscal Management

The annual budget serves as the foundation for the Village's internal planning and control. All Village departments are required to submit budget requests to the Village Administrator. The Village Administrator prepares a proposed budget for the Mayor and Board of Trustees to review, debate, modify and approve. The budget is prepared by fund, activity (i.e. public safety), department (i.e. police), program (i.e. police dispatch), and the required purposes under the State's appropriation statute, (i.e. supplies). Subdivisions of the purposes, (i.e. office supplies, vehicle maintenance supplies, computer supplies) are budgeted as line items for departmental management. The Village functions under the State of Illinois Appropriation Ordinance. The Appropriation Ordinance is developed by the Village Administrator, based on the Board approved budget, for Board review and adoption.

The Village of Antioch's financial statements have been audited by Lauterbach and Amen, LLP, a firm licensed by the State of Illinois as certified public accountants with specialization in local government accounting. The goal of the independent audit is to provide reasonable assurance that the financial statements of Antioch are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures shown in these financial statements; assessing the accounting principles and significant estimates used; and evaluating the overall financial statement presentation. In addition, the auditors prepared a list of management comments which outline areas where the Village management can further improve internal controls and accounting procedures. The administration along with the finance department appreciates and welcomes the auditors' recommendations for internal control improvement and looks forward to executing their recommendations.

Fiscal Report

The independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion that the Village of Antioch's financial statements for the fiscal year ended April 30, 2008, are fairly presented in conformity to GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The financial reports are presented in accordance with the new reporting model requirements (commonly referred to as "GASB 34"). GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). This letter of transmittal will not repeat the financial overview and analysis which is provided in the MD&A, but encourages the reader to review this important section of the financial statements for a comprehensive overview and analysis of how the Village has fared over the last fiscal year.

Village Profile

The Village of Antioch is located at the northern border of Illinois, in Lake County. It is the gateway to the Chain O' Lakes recreational area, yet provides suburban housing for the Chicagoland area. The Village's residential population is exploding, with a population of 13,724, up from 8,800 in 2000. A priority for the Village is to maintain its early 19th century downtown charm, which includes a live playhouse, art museum, the Pickard China Museum and antique dealers.

The Village provides a full range of services. Antioch's public safety activities include police and fire protection, as well as dispatching emergency services to the region at large. Culture and recreational activities include a Senior Center, a band shell, pool, recreational and sport parks, bike trails, a wetland preserve, and many community special events. Public Works provides street and right-of-way maintenance and construction, as well as building maintenance, park maintenance and brush control. Water service, sanitary sewer service and a sanitation treatment plant are functions which are included in the Water and Sewer enterprise fund.

The Village is also accountable for various community projects, which are blended into the Village's departmental program budgets. These include the accumulation of donations for the maintenance of a Wetland area, a DARE program for area school children and a cooperative effort with the Township to develop a sport and open space park. In addition, the Village is accountable for the Antioch Police Pension Fund, managed by a legally separate Board, and two Special Service Areas which are administered by an independent Trustee (Cole Taylor Bank).

Economic Condition and Outlook

The Village continues to maintain a tenuous financial position, with declining fund balances, and slow revenue growth. This alarming trend has been evident over the last four years and results mainly from the increased emphasis on infrastructure improvements and the lack of new revenue sources. The revenue growth over the last 2 years is directly related to the construction of Wal-Mart and the completion of an interim census that impacted the population driven revenues from the State. Additionally, because the revenue stream dedicated to capital projects is inadequate, the General fund subsidizes the Capital fund. Without a significant change in the current trend, specifically an increase in revenue sources, fund balances will continue to decline.

Major Initiatives

Tim Osmond Sports Complex

The Village is working in conjunction with Antioch Township to develop the Tim Osmond Sports Complex project. Antioch Township secured an Open Space Acquisition & Development (OSLAD) reimbursement grant for \$400,000 to help fund Phase I of this project. The Village has pledged \$1.4 million over the life of the project which will be completed in four phases. The approximate 80 acre property, owned by the Township, will offer football, soccer, and baseball fields, disk golf, shelters, playgrounds, trails, and a cross country course.

Wastewater Treatment Plant Upgrade

Plans are underway to build a new treatment plant as the current plant is deteriorating. The Illinois Environmental Protection Agency (IEPA) will be providing a \$15 million revolving loan to complete this project.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Antioch for the fiscal year ended 2007. This was the second year the Village received such a prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. The report must also satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. This is the third year that the Village of Antioch has prepared a comprehensive annual financial report. We believe that our report meets the requirements of the Certificate of Achievement Program and, once again, are submitting it to the GFOA to determine its eligibility for a certificate. It is our hope that the Village of Antioch's Finance Department staff will continually meet the level of excellence required to be granted this award for many years in the future.

Acknowledgements

The preparation of this report, and the confidence with which it is presented, would not have been possible without the dedicated services of the Finance staff and our independent auditors Lauterbach and Amen, LLP who were essential in addressing the prior accounting issues.

In closing, we would also like to thank Mayor Dorothy Larson, the Board of Trustees, and all department heads for their support in maintaining the highest standards of professionalism in the management of the Village's finances.

Respectfully submitted,

Jill Velan
Village Administrator

Joy McCarthy
Finance Director

INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Village's independent auditing firm.

INDEPENDENT AUDITORS' REPORT

September 17, 2008

The Honorable Village President
Members of the Board of Trustees
Village of Antioch, Illinois

We have audited the accompanying basic financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information for the Village of Antioch, Illinois as of and for the year ended April 30, 2008, which collectively comprise the Village of Antioch's basic financial statements as listed in the accompanying table of contents. These basic financial statements are the responsibility of the Village of Antioch, Illinois' management. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Antioch, Illinois as of April 30, 2008, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The individual fund schedules, as well as the information listed as supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Village of Antioch, Illinois. Such information, except for that portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole.

The Management's Discussion and Analysis and the other required supplementary information listed in the accompanying table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted primarily of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

The introductory information listed in the table of contents was not audited by us and, accordingly, we do not express an opinion thereon.

Lauterbach + Amen LLP

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

VILLAGE OF ANTIOCH, ILLINOIS

Management's Discussion and Analysis April 30, 2008

The Management Discussion and Analysis (MD&A) of the Village of Antioch's financial performance provides an overview of the Village's financial activities for the fiscal year ended April 30, 2008. We recommend that the MD&A be read in conjunction with the Transmittal Letter (beginning on page iii), the financial statements, and notes to the financial statements that follow.

The MD&A is designed to:

- ✓ assist the reader in focusing on significant financial issues,
- ✓ provide an overview of the Village's financial activity,
- ✓ identify changes in the Village's financial position (its ability to address the subsequent years' challenges),
- ✓ identify any material deviations from the financial plan (the approved budget), and
- ✓ identify individual fund issues or concerns.

FINANCIAL HIGHLIGHTS

- The Village of Antioch's total governmental and business-type net assets increased by \$8,517,360 from \$93,072,389 to \$101,589,749.
- During the year, governmental and business-type revenues totaled \$24,325,501 which exceeded total expenses of \$15,808,141 by \$8,517,360.
- Revenues for governmental activities prior to transfers totaled \$18,387,058. Expenses totaled \$13,236,596 resulting in an increase of net assets from \$59,371,159 to \$64,521,621 an increase of 8.68 percent.
- Revenues for business-type activities totaled \$5,938,443 while expenses totaled \$2,571,545, increasing business-type by 3,366,898, increasing business-type net assets from \$33,701,230 to \$37,068,128 an increase of 9.99 percent.
- The General Fund reported a decrease of \$282,077 in the current year, decreasing the general fund balance to \$442,441, a 38.9 percent decrease.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (on pages 15 - 18) provide information about the activities of the Village of Antioch as a whole and present a longer-term view of the Village's finances. Fund financial statements begin on page 18. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village of Antioch's operation in more detail than the government-wide statements by providing information about the Village's most significant funds. The remaining statements provide financial information about activities for which the Village acts solely as a trustee or agent for the benefit of those outside of the government.

VILLAGE OF ANTIOCH, ILLINOIS

Management's Discussion and Analysis
April 30, 2008

USING THIS ANNUAL REPORT – Continued

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Village of Antioch's finances, in a matter similar to a private-sector business. The government wide financial statements can be found on pages 15 - 18 of this report.

The Statement of Net Assets reports information on all of the Village's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. Consideration of other non-financial factors, such as changes in the Village's property tax base and the condition of the Village's roads, is needed to assess the overall health of the Village of Antioch.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, community development, public safety, public works, and culture and recreation. The business-type activities of the Village include waterworks and sewerage operations.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village of Antioch, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

VILLAGE OF ANTIOCH, ILLINOIS

Management's Discussion and Analysis April 30, 2008

USING THIS ANNUAL REPORT -- Continued

Fund Financial Statements -- Continued

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village of Antioch maintains ten individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Dolly Spiering Memorial, Debt Service, Infrastructure Capital Projects, Special Service Area #1 and Special Service Area #2 Funds, all of which are considered major funds. Data from the other remaining governmental funds are presented in aggregate on the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances.

The Village adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison statement for these funds has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 19 - 24 of this report.

Proprietary Funds

The Village maintains one type of proprietary fund, an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village utilizes enterprise funds to account for its waterworks and sewerage operations.

VILLAGE OF ANTIOCH, ILLINOIS

Management's Discussion and Analysis April 30, 2008

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements – Continued

Proprietary Funds – Continued

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Waterworks and Sewerage Fund, which is a major fund of the Village.

The basic proprietary fund financial statements can be found on pages 25 - 28 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village of Antioch's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 29 - 30 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31 - 61 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's I.M.R.F. and police employee pension obligations. Required supplementary information can be found on pages 62 - 67 of this report. Combining and individual fund statements and schedules can be found on pages 68 - 90 of this report.

VILLAGE OF ANTIOCH, ILLINOIS

Management's Discussion and Analysis April 30, 2008

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village of Antioch, assets exceeded liabilities by \$101,589,749 million.

	Governmental		Net Assets		Total	
	Activities		Business-Type			
	2008	2007	2008	2007	2008	2007
Current and Other Assets	\$ 8,430,860	9,391,004	4,571,304	4,353,084	13,002,164	13,744,088
Capital Assets	65,757,683	59,195,751	36,613,653	33,229,156	102,371,336	92,424,907
Total Assets	74,188,543	68,586,755	41,184,957	37,582,240	115,373,500	106,168,995
Long-Term Debt Outstanding	4,501,661	4,802,328	2,722,228	3,145,041	7,223,889	7,947,369
Other Liabilities	4,922,261	4,413,268	1,637,601	735,969	6,559,862	5,149,237
Total Liabilities	9,423,922	9,215,596	4,359,829	3,881,010	13,783,751	13,096,606
Net Assets						
Invested in Capital Assets, Net of Debt	62,199,235	55,212,684	33,478,253	29,684,156	95,677,488	84,896,840
Restricted	3,121,111	3,020,884	523,600	523,600	3,644,711	3,544,484
Unrestricted (Deficit)	(555,725)	1,137,591	2,823,275	3,493,474	2,267,550	4,631,065
Total Net Assets	64,764,621	59,371,159	36,825,128	33,701,230	101,589,749	93,072,389

By far the largest portion of the Village's net assets, \$95,677,488 reflects its investment in capital assets (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The Village uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional \$3,644,711 of the Village's net assets represents resources that are subject to external restrictions on how they may be used. The remaining net assets, or \$2,267,550, represents unrestricted net assets and may be used to meet the government's ongoing obligations to citizens and creditors.

VILLAGE OF ANTIOCH, ILLINOIS

Management's Discussion and Analysis
April 30, 2008

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Total revenues for both governmental and business-type activities totaled \$24,325,501 while the total cost of all programs and services was \$15,808,141 resulting in an increase to total net assets of \$8,517,360.

	Changes in Net Assets

Management's Discussion and Analysis April 30, 2008

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities

Revenues

Revenues for governmental activities totaled \$18,387,058 while total expenses totaled \$13,236,596. The difference in revenues compared to expenses resulted in an increase to governmental net assets prior to transfers of \$6,150,462. Capital contributions of \$6,672,330 accounted for this year's increase in revenue. Without these contributions actual revenues of \$11,714,728 were \$1,521,868 less than expenditures. This trend has been developing over the last three years and is correlated to the population growth, slow down in residential development, and lack of new revenue sources.

The revenue growth over the last 3 years is directly related to the construction of Wal-Mart, and Menards home improvement store; the completion of an interim census that impacted the population driven revenues from the State; and permit fees from new construction. However, as development slowed in fiscal year 2008 revenue from licenses and permits and fees for services have declined and the impact to net assets has been significant.

As a non home-rule municipality, the Village cannot impose local sales taxes; therefore, the Village's sole sales tax revenue is received from the state. Antioch's steady sales tax revenue position is attributed to the new commercial construction along the Route 173 commercial corridor. It is expected that sales tax revenue will increase with additional planned retail and industrial development in fiscal year 2009.

Prior to the opening of Menards, property taxes were the major income source for the Village. Sales taxes have emerged to be the major funding source and represent 29.5 percent of actual governmental revenues surpassing property taxes by 1.2 percent.

Charges for services account for 19.4 percent of actual revenue, and have declined 12.5 percent over the prior year. The decline is attributable to the slow down in residential development. Licenses and permits revenues are driven mainly by providing plan review and building inspection services to developers, homebuilders, and homeowners related to site development and construction. Business licenses and liquor licenses fall into this category but represent 2.51 percent of this revenue type.

The following table graphically depicts the major revenue sources of the Village of Antioch and shows the reliance of sales taxes, property taxes, and charges for services to fund governmental activities.

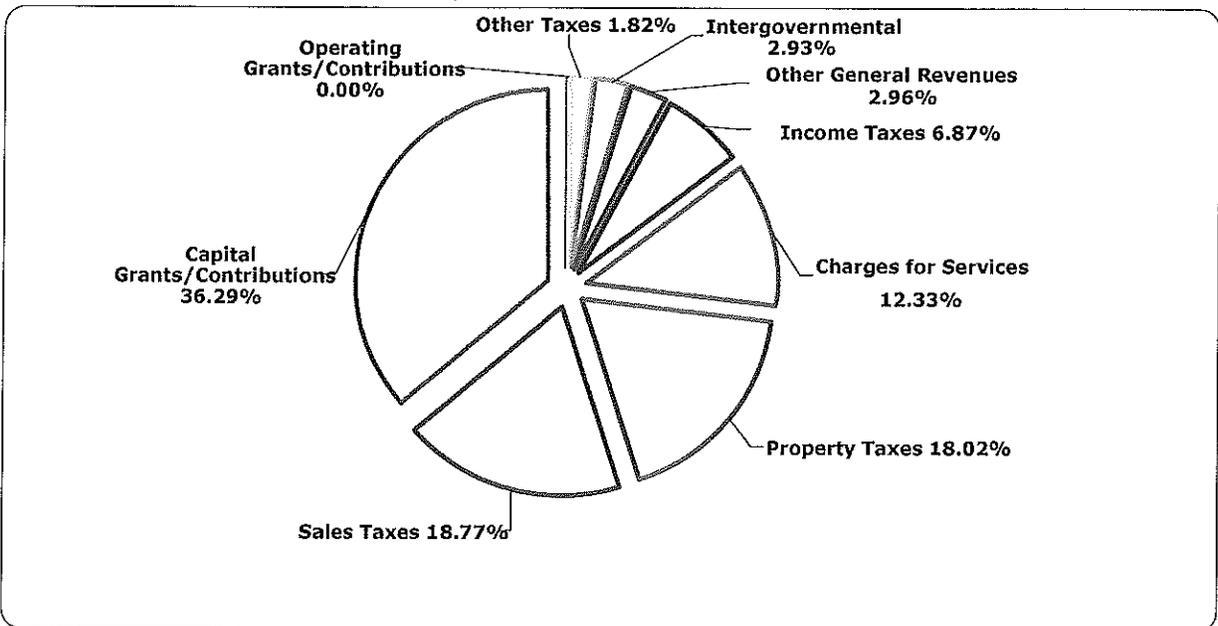

VILLAGE OF ANTIOCH, ILLINOIS

Management's Discussion and Analysis
April 30, 2008

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities – Continued

Revenues by Source – Governmental Activities

Expenditures

Like many other local municipalities, the national economic environment, along with the Village's rapid population growth, increases the cost of providing adequate services to residents. Additionally, the Village has been faced with rapidly increasing health insurance costs along with soaring gasoline prices.

Overall, expenditures increased by 7.2 percent over the prior year primarily due to increases in General Government, Public Safety, and Culture and Recreation. Salaries and benefits increased by 6.4 percent, contractual services increased by 12.3 percent and capital outlay increased by 28.7 percent.

The Village has experienced tremendous growth over the last three years; while expenditures have been increasing to meet the demands of the growing population, new revenue sources have not been introduced. As expenditures continue to exceed revenues each year, there is a diminishing effect on net assets.

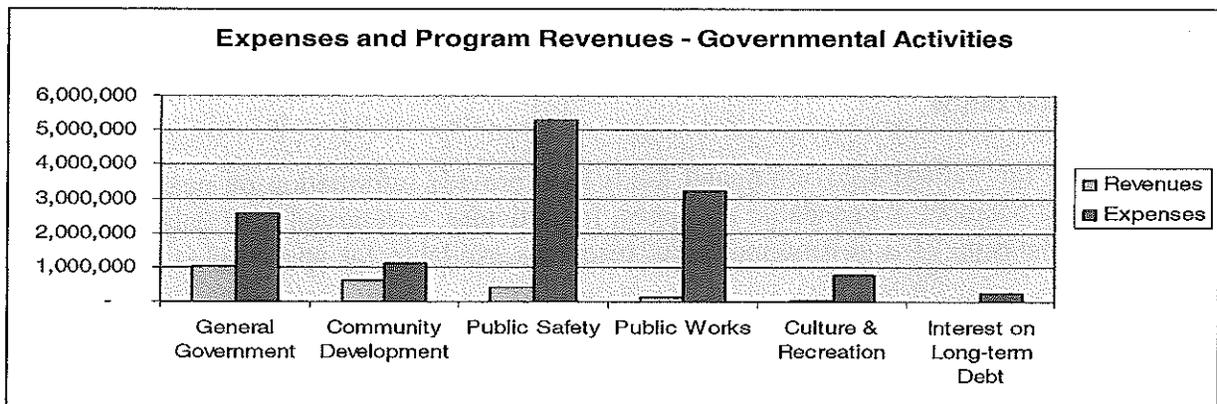

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues.

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

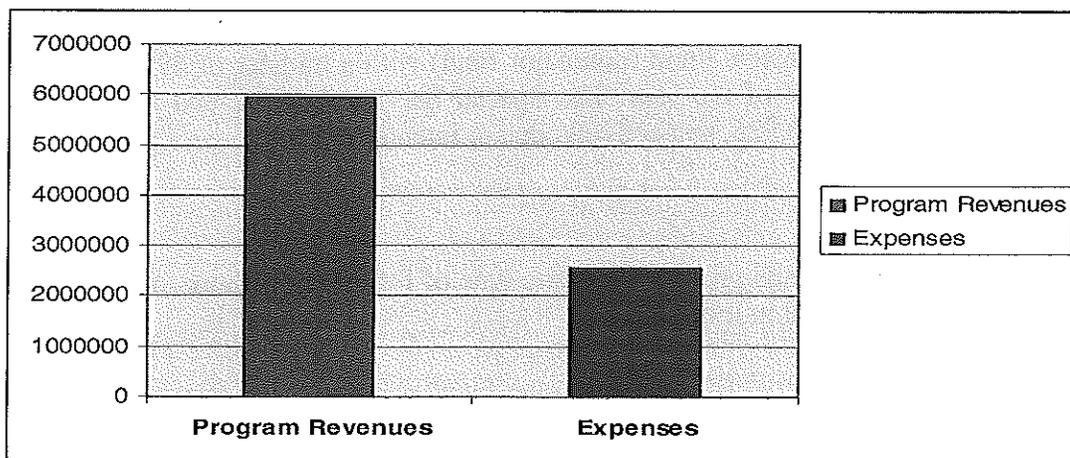

Governmental Activities – Continued

Business-type activities

An average of 77 percent of Water and Sewer Revenue is collected mainly from water and sewer usage. Water meter sales, permits, connection and inspection fees account for the remaining 23 percent. With the population growth and residential and commercial construction in progress, Water and Sewer revenue from Antioch's water and sewer utility customers is expected to continually increase.

Revenues for business-type activities totaled \$5,938,443, while expenses totaled \$2,571,545, resulting in an increase to business-type net assets prior to transfers of \$3,366,898.

The above graph compares program revenues to expenses for waterworks and sewerage operations. The graph shows that revenues for the waterworks and sewerage operations are able to cover expenses.

Management's Discussion and Analysis April 30, 2008

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village of Antioch uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$4,086,419, which is lower than last year's total of \$5,529,264. The largest deficiency of revenues under expenditures took place in the Non-Major Funds which had a reduction to fund balance of \$1,178,067. This decrease to fund balance resulted from the use of the General fund to subsidize Capital fund expenditures. This trend indicates an urgent need to evaluate revenue sources and expenditure patterns. An adequate dedicated revenue stream for capital projects needs to be identified.

The General Fund reported a deficit for the year of \$282,077. As discussed earlier, charges for services and licenses and permits were down in 2008 as compared to the prior year and compared to budget. Although expenditures of \$10,743,578 were \$90,729 less than budgeted, there was a deficiency of revenues under expenditures of \$508,753, due primarily to the significant decline in residential development. The Dolly Spiering Memorial Fund reported a surplus of \$21,439 for the year as a result of higher than anticipated interest earnings and expenditures \$20,709 less than budgeted. In 2008 the Infrastructure Capital Projects Fund was transferred to the Capital Projects Fund (nonmajor fund) with a transfer of \$72,468, resulting in zero fund balance at the end of the year. The Special Service Area #1 and #2 Funds reported surpluses of \$30,342 and \$35,926, respectively, due to interest earnings.

Proprietary Funds

The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Village reports the Waterworks and Sewerage Fund as a major proprietary fund. This fund accounts for all of the operations of the municipal water and sewer system.

The Waterworks and Sewerage Fund had a positive change in net assets of \$3,123,898, resulting in ending net assets of \$36,825,128. As discussed earlier, capital contributions of \$3,245,591 are responsible for the increase to net assets in the current year.

VILLAGE OF ANTIOCH, ILLINOIS

**Management's Discussion and Analysis
April 30, 2008**

GENERAL FUND BUDGETARY HIGHLIGHTS

The Village made no supplemental amendments to the General Fund budget during the year. The General Fund actual revenues of \$10,234,825 for the current year were \$146,408 less than budgeted revenues of \$10,381,233. Specifically, charges for services and licenses and permits were \$42,088 and \$426,862 under budget, respectively, due to the decline in residential development.

The General Fund actual expenditures were lower than budgeted expenditures for the current year. Actual expenditures totaled \$10,743,578, while budgeted expenditures totaled \$10,834,307. Specifically, expenditures for the general government function were \$402,706 lower than budgeted (\$1,796,070 actual compared to \$2,198,776 budgeted), due primarily to contractual services of \$885,756 being \$173,499 under budget.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Village's investment in capital assets for its governmental and business type activities as of April 30, 2007 was \$102,371,336 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, land improvements, vehicles, machinery and equipment, park facilities, roads, sidewalks, and bridges.

	Capital Assets - Net of Depreciation					
	Governmental Activities		Business-type Activities		Total	
	2008	2007	2008	2007	2008	2007
Land	\$ 29,296,972	25,136,843	14,436,473	12,257,491	43,733,445	37,394,334

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Debt Administration

At year-end, the Village of Antioch had total outstanding debt of \$6.6 million. There was a \$805,000 decrease from the prior year as debt was retired.

The following is a comparative statement of outstanding debt:

	Governmental and Business-Type Long-Term Debt Outstanding					
	Governmental Activities		Business-type Activities		Total	
	2008	2007	2008	2007	2008	2007
General Obligation Bonds	\$ 1,860,000	2,160,000	-	-	1,860,000	2,160,000
Alternate Revenue Bonds	1,580,000	1,675,000	-	-	1,580,000	1,675,000
Debt Certificates	-	-	585,000	720,000	585,000	720,000
Revenue Bonds	-	-	2,550,000	2,825,000	2,550,000	2,825,000
Total	3,440,000	3,835,000	3,135,000	3,545,000	6,575,000	7,380,000

Additional information on the Village of Antioch's long-term debt can be found in Note 3 on pages 49 - 55 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Village's elected and appointed officials considered many factors when setting the fiscal-year 2008 budget, including tax rates, and fees that will be charged for its various activities. One of those factors is the economy. The Village is faced with a similar economic environment as many of the other local municipalities are faced with, including inflation and unemployment rates.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village of Antioch's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Office of the Village Administrator, Village of Antioch, 874 Main Street, Antioch, Illinois 60002.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements
 - Governmental Funds
 - Proprietary Funds
 - Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF ANTIOCH, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Activities**

Year Ended April 30, 2008

Net Change in Fund Balances - Total Governmental Funds **\$ (1,442,845)**

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	8,140,140
Depreciation Expense	(1,578,208)

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Additions to Net Pension Obligation	(177,563)
Retirement of Compensated Absences Payable	21,466
Retirement of Debt	424,619

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

5,853

Changes in Net Assets of Governmental Activities

5,393,462

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements

April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Antioch, Illinois, is a municipal corporation governed by an elected president and six-member Board of Trustees. The Village's major operations include police safety, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, waterworks and sewerage services and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB Pronouncements. Although the Village has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Village has chosen not to do so. The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:	Village of Antioch
Blended Component Unit:	Police Pension Employees Retirement System

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 14, "The Financial Reporting Entity," and includes all component units that have a significant operational or financial relationship with the Village.

Blended Component Units - Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the Village Board or the Component unit provides services entirely to the Village. These component units' funds are blended into those of the Village's by appropriate activity type to compose the primary government presentation.

Blended Component Unit

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

REPORTING ENTITY – Continued

Blended Component Unit – Continued

Police Pension Employees Retirement System – Continued

The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a pension trust fund.

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Village's police, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village's waterworks and sewerage services are classified as business-type activities.

In the government-wide Statement of Net Assets, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Village's net assets are reported in three parts: invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, public works, etc.) The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (general government, public safety, public works, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Statements – Continued

The net costs (by function or business-type activity) are normally covered by general revenue (property tax, sales tax, intergovernmental revenues, interest income, etc). The Village allocates indirect costs to the proprietary funds for personnel who perform administrative services for those funds, along with other indirect costs deemed necessary for their operations, but are paid through the General Fund. This government-wide focus concentrates on the sustainability of the Village as an entity and the change in the Village's net assets resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains one major special revenue fund, the Dolly Spiering Memorial Fund, which is used to account for the use of funds provided by an estate bequeath by Ms. Dolly Spiering to the Village senior center.

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and is used to account for the payment of interest and principal on the Village's general long-term debt obligations.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains three major capital projects funds, the Infrastructure Capital Projects Fund, Special Service Area #1 Fund, and Special Service Area #2 Fund. The Infrastructure Capital Projects Fund is used to account for all major infrastructure projects, such as street projects. The Special Service Area #1 Fund is used to account for a portion of the infrastructure costs for the area designated as Special Service Area #1. The Special Service Area #2 Fund is used to account for a portion of the infrastructure costs for the area designated as Special Service Area #2.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the Village:

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Proprietary Funds – Continued

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one major enterprise fund, the Waterworks and Sewerage Fund, which is used to account for the provision of potable water and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

Pension trust funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund is used to account for the accumulation of resources to be used for disability and retirement annuity payments to employees covered by the plan. Financing is provided by employee contributions, the Village's contribution and investment income.

Agency funds are used to account for assets held by the Village in a purely custodial capacity. The Escrow Deposit Fund is used to account for the collection and use of the escrowed monies. The Special Service Area #1 Fund is used to account for the collection of property taxes within Special Service Area #1 and payments of related special service area debt. The Special Service Area #2 Fund is used to account for the collection of property taxes within Special Service Area #2 and payments of related special service area debt.

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (pension trust and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net assets. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary, pension trust and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Assets are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows", cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Prepays

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaids.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report waterworks and sewerage charges as their major receivables.

Restricted Assets

Certain proceeds of Enterprise Fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 to \$250,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Capital Assets – Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements	15 – 20 Years
Buildings and Improvements	10 – 45 Years
Equipment	3 – 30 Years
Infrastructure	20 – 50 Years
Plant and Equipment	50 Years

GASB Statement No. 34 requires the Village to report and depreciate new infrastructure assets effective with the beginning of the current year. Infrastructure assets include roads, sidewalks, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are the largest asset class of the Village. Neither their historical cost nor related depreciation has historically been reported in the financial statements. The Village has reported all retroactive infrastructure.

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements
April 30, 2008

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Unearned/Deferred Revenue

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Fund Equity

In the government-wide financial statements, equity is classified as net assets and displayed in three components:

Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets—Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriations are adopted for the general, special revenue, debt service, capital projects, enterprise, and pension trust funds. All annual appropriations lapse at fiscal year end.

All departments of the Village submit requests for budgets to the Village’s administrator so that a budget may be prepared. The budget is prepared by function and activity, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year. The proposed budget is presented to the governing body for review.

VILLAGE OF ANTIOCH, ILLINOIS

**Notes to the Financial Statements
April 30, 2008**

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY – Continued

BUDGETARY INFORMATION – Continued

The governing body holds public hearings and may add to, subtract from, or change budgeted amounts, but may not change the form of the budget. The administrator is authorized to transfer budgeted amounts between departments within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the governing body. Expenditures may not legally exceed budgeted appropriations at the fund level. Traditionally, no budgetary amendments are made during the year.

EXCESS OF ACTUAL EXPENDITURES/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures/expenses, exclusive of depreciation, over budget for the fiscal year.

Fund	Excess
Debt Service	\$ 1,656
Motor Fuel Tax	196,803
Drug Seizure	3,346
Park Acquisition	14,566
Police Pension	378,241

DEFICIT FUND EQUITY

The Capital Projects fund has a deficit fund equity for the fiscal year of \$(53,587).

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments". In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments - Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Funds, and the Illinois Metropolitan Investment Fund.

Statutes authorize the Pension Funds to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government;

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements April 30, 2008

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

State of Illinois Bonds; pooled accounts managed by the Illinois Public Treasurer, or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies and separate accounts of life insurance companies provided the investment in separate accounts does not exceed ten percent of the pension fund's net assets. Pension funds of at least 5 million that have appointed an investment advisor may, through that investment advisor, invest up to thirty-five percent of the plan's net assets in common and preferred stocks that meet specific restrictions.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Village's deposits for governmental, business-type and agency activities totaled \$8,692,802 and the bank balances totaled \$8,690,667. The Village also has \$1,249,775 invested in the Illinois Funds, which has an average maturity of less than one year.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village's investment policy states that there is to be maintenance of sufficient liquidity to meet operating requirements in the cash and investment portfolio of the Village. Unless matched to a specific cash flow, the Village will not directly invest in securities maturing more than two years from the date of purchase. Reserve funds, not otherwise restricted by Bond Ordinance, may be invested in securities exceeding two years if the maturity of such investments is made to coincide as nearly as practicable with the expected use of the funds.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in securities authorized under State Statute, the Village's investment policy further states that investments are to be undertaken in a manner that ensures preservation of capital and protection of investment principal. The Village's investment in the Illinois Funds was rated AAAM by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires that funds on deposit in excess of FDIC limits must be secured by some form of collateral, witnessed by a written agreement and held at an independent, third-party institution in the name of the Village.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

The collateralization level will be 110% of market value of principal and accrued interest, with collateral limited to U.S. Treasuries. As an alternative, insurance/surety bonds may be used as collateral to ensure certificates of deposit payments of principal and interest at the date of maturity. Insurance/surety bonds may also be used to ensure replacement on checking and money market accounts in case of a financial institution's default. At year-end, the entire amount of the bank balance of deposits was covered by federal depository or equivalent insurance. For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village's investment policy states that all security transactions, including collateral for repurchase agreements, entered in to by the Village shall be conducted on a delivery-versus-payment (DVP) basis. Securities will be held by an independent, third-party custodian designated by the Village and evidenced by safekeeping receipts and a written custodial agreement. The Village's investment in the Illinois Funds is noncategorizable.

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy states that investments shall be diversified to the best of the Village's ability based on the type of funds invested and the cash flow needs of those funds. Diversification can be by type of investment, number of institutions invested in, and length of maturity. At year-end, the Village has no investments that represent more than 5 percent of the total cash and investment portfolio.

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Fund's deposits totaled \$2,975,439 and the bank balances totaled \$2,961,008.

Investments. The Fund has the following investment fair values and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)		
		Less Than 1	1 to 5	6 to 10
Federal Home Loan Mortgage Corp	\$ 510,109	-	310,065	200,044
Federal Home Loan Bank	109,758	109,758	-	-
Federal National Mortgage Association	443,858	-	443,858	-
	1,063,725	109,758	753,923	200,044

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Interest Rate Risk. The Fund's investment policy states that cash flow requirements are to be considered when selecting investment instruments.

Credit Risk. The Fund's investment policy states that each investment transaction shall seek to first ensure that capital losses are minimized, whether they be from securities default or erosion of market value. The Fund's investment policy helps limit its exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. At year-end, the Fund's investments in U.S. Agency securities were all rated AAA rated by Standard & Poor's.

Custodial Credit Risk. The Fund's investment policy states that all investments of the Fund shall be clearly held and accounted for to indicate ownership by the Fund. The fund will direct the registration of securities in its own name or in the name of a nominee created for the express purpose of registration of securities by a national or state bank or trust company authorized to conduct a trust business in the State of Illinois. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance. Furthermore, the Fund's investment in U.S. Government and Agency securities are categorized as insured, registered, or held by the Fund or its agent in the Fund's name.

Concentration Risk. At year-end the Fund also has \$215,994 invested in equities. The Fund's investment policy states that it is the Fund's policy to include investments in certificates of deposit. At any time the investment portfolio of the Fund shall have a portion of its investments in a balanced portfolio as set by the Fund in accordance with the terms of maturity. The terms of maturity will be based on the ages of the active members and the relative number and ages of current annuitants as well as a current review of the condition of the investment market. The Fund has over 5% of net plan assets invested in U.S. Government Agencies as listed in the previous table.

PROPERTY TAXES

Property taxes for 2007 attach as an enforceable lien on January 1, 2007, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Lake County and are payable in two installments, on or about May 1, 2008 and September 1, 2008. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS – Continued

Interfund Transfers

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
General	Waterworks and Sewerage	\$ 243,000
Nonmajor Governmental	General	16,324
Nonmajor Governmental	Infrastructure Capital Projects	<u>72,468</u>
		<u><u>331,792</u></u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

LONG-TERM DEBT

Capital Leases Payable

Capital leases are utilized to acquire capital equipment. Capital leases currently outstanding are as follows:

Issue	Fund Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
Capital Lease of 2006 due in monthly payments of \$3,011, including interest at 4.75% through November 8, 2011.	Capital Projects	<u>\$ 148,067</u>	-	29,619	<u>118,448</u>

General Obligation Bonds

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the Village. General obligation bonds currently outstanding are as follows:

LONG-TERM DEBT – Continued

Noncommitment Debt – Special Service Area Bonds

Special service area bonds outstanding as of the date of this report totaled \$24,328,000. These bonds are not an obligation of the government and are secured by the levy of an annual tax on the real property within the special service area. The government is in no way liable for repayment but is only acting as agent for the property owners in levying and collecting the tax, and forwarding the collections to bondholders.

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Governmental Activities					
Net Pension Obligation	\$ 978,627	566,638	389,075	1,156,190	-
Compensated Absences	331,566	21,466	42,932	310,100	62,020
Capital Lease	148,067	-	29,619	118,448	31,057
General Obligation Bonds	2,160,000	-	300,000	1,860,000	330,000
Alternate Revenue Bonds	1,675,000	-	95,000	1,580,000	100,000
	<u>5,293,260</u>	<u>588,104</u>	<u>856,626</u>	<u>5,024,738</u>	<u>523,077</u>

Debt Certificates	720,000	-	135,000	585,000	135,000
	<u>3,557,551</u>	<u>30,468</u>	<u>425,234</u>	<u>3,162,785</u>	<u>440,557</u>

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements
April 30, 2008

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

Long-Term Liability Activity

The General Fund makes payments on the net pension obligation. Payments on the capital lease are made by the Capital Projects Fund and the payments on the general obligation bonds are made by the Debt Service and Capital Projects Funds. The Debt Service Fund makes payments on the alternate revenue source bonds. The Waterworks and Sewerage Fund makes payments on the revenue bonds and the debt certificates. Compensated absences for the governmental activities are generally liquidated by the General Fund.

Debt Service Requirements to Maturity

The annual debt service requirements to maturity, including principal and interest, are as follows:

Fiscal Year Ending April 30	Governmental Activities					
	Capital Lease		General Obligation Bonds		Alternate Revenue Source Bonds	
	Principal	Interest	Principal	Interest	Principal	Interest
2009	\$ 31,057	4,956	330,000	74,266	100,000	60,225
2010	32,565	3,448	330,000	61,350	100,000	57,225
2011	34,146	1,867	360,000	48,276	110,000	53,975
2012	20,680	329	360,000	33,762	110,000	50,125

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements
April 30, 2008

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. These risks are provided for through participation in the Illinois Municipal League Risk Management Association and private insurance coverage. The Village has purchased insurance from private insurance companies, covered risks included medical, dental, life and other. Premiums have been displayed as expenditures/expenses in appropriate funds. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Illinois Municipal League Risk Management Association (IMLRMA)

The Village participates in the Illinois Municipal League Risk Management Association (IMLRMA). IMLRMA is an organization of municipalities and special districts in Illinois, which have formed an association under the Illinois Intergovernmental Cooperations Statute to pool its risk management needs. The agency administers a mix of self-insurance and commercial insurance coverages; property/casualty and workers' compensation claim administration/litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs; and a risk information system and financial reporting service for its members.

Each member appoints one delegate to represent the member on the Board of Directors. The Village does not exercise any control over the activities of the Association beyond its representation on the Board of Directors.

The Village participates in the minimum/maximum program with the Association Initial contributions are determined each year based on administrative expenses plus 80% of the normal loss fund. Annually the claims of members participating in the program are reviewed and when the Village's paid claims dollars exceed 100% of the loss fund, additional amounts will be due from the Village up to, but not to exceed 120% of the normal loss fund. The Village's payments to IMLRMA are displayed on the financial statements as expenditures/expenses in appropriate funds.

POST-EMPLOYMENT BENEFITS

The Village provides COBRA health benefits to all prior employees as required by federal law. The prior employee pays 100 percent of the premium.

VILLAGE OF ANTIOCH, ILLINOIS

Notes to the Financial Statements April 30, 2008

NOTE 4 – OTHER INFORMATION – Continued

CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material, adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system; and the Police Pension Plan, which is a single-employer, pension plan. A copy of the Police Pension Plan report may be obtained by writing to the Village at 874 Main Street, Antioch, Illinois 60002. IMRF also issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523. The benefits, benefit levels, employee contributions and employer contributions are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly.

Plan Descriptions, Provisions and Funding Policies

Illinois Municipal Retirement System

All employees (other than those covered by the Police plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent for each year thereafter.

IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute. Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The Village is required to contribute the remaining amount necessary to fund the IMRF plan as specified by statute. The employer rate for calendar year 2007 was 8.89 percent.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Plan Descriptions, Provisions and Funding Policies – Continued

Police Pension Plan

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

At April 30, 2007 the Police Pension Plan membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits and Terminated Employees Entitled to Benefits but not yet Receiving Them.	7
Current Employees Vested and Nonvested	<u>26</u>
	<u>33</u>

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit.

The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. By the year 2033 the Village's contributions must accumulate to the point where the past service cost for the Police Pension Plan is fully funded.

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Significant Investments

There are no investments in any one organization that represent 5 percent or more of net assets available for benefits for the Police Pension Plan. Information for IMRF is not available.

Related Party Transactions

There are no securities of the employer or any other related parties included in plan assets.

Annual Pension Cost and Net Pension Obligation

The IMRF Plan did not have a pension obligation at year-end. The amount of the pension liability for the Police Pension Plan is as follows:

Annual Required Contribution	\$ 525,656
Interest on the NPO	68,504
Adjustment to the ARC	<u>(27,522)</u>
Annual Pension Cost	566,638
Actual Contribution	<u>389,075</u>
Increase in the NPO	177,563
NPO Beginning of Year	<u>978,627</u>
NPO End of Year	<u><u>1,156,190</u></u>

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

Special Revenue Funds are created to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

Dolly Spiering Memorial Fund

The Dolly Spiering Memorial Fund is used to account for the use of funds provided by an estate bequeath by Ms. Dolly Spiering to the Village senior center.

Motor Fuel Tax Fund

The Motor Fuel Tax Fund is used to account for the maintenance and construction of streets and roads as approved by the Illinois Department of Transportation.

Tax Increment Financing Fund

The Tax Increment Financing Fund is used to account for expenditures of incremental property taxes and sales tax generated in the designated downtown Tax Increment Financing area.

Drug Seizure Fund

The Drug Seizure Fund is used to account for drug seizure revenues reserved for approved public safety expenditures.

DEBT SERVICE FUND

Debt Service Funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

CAPITAL PROJECTS FUNDS

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

Infrastructure Projects Fund

The Infrastructure Projects Fund is used to account for all major infrastructure projects, such as street projects.

Special Service Area #1 Fund

The Special Services Area #1 Fund is used to account for a portion of the infrastructure costs for the area designated as Special Service Area #1.

Special Service Area #2 Fund

The Special Services Area #2 Fund is used to account for a portion of the infrastructure costs for the area designated as Special Service Area #2.

Capital Projects Fund

The Capital Projects Fund is used to account for capital improvement expenditures.

Park Acquisition Fund

The Park Acquisition Fund is used to account for park improvement expenditures.

ENTERPRISE FUND

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose. The Village's enterprise fund is a non-major fund.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

ENTERPRISE FUND - Continued

Waterworks and Sewerage Fund

The Waterworks and Sewerage Fund is used to account for the provision of potable water and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

TRUST AND AGENCY FUNDS

PENSION TRUST FUND

Police Pension Fund

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.

AGENCY FUNDS

Escrow Deposit Fund

The Escrow Deposit Fund is used to account for the collection and use of the escrow activity.

Special Service Area #1 Fund

To account for the collection of property taxes within Special Service Area #1 and payments of related special service area debt.

Special Service Area #2 Fund

To account for the collection of property taxes within Special Service Area #2 and payments of related special service area debt.

STATISTICAL SECTION (Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.
